(c) the number of police personnel and number of police stations per 1 lakh population in the country as compared to other countries in the world?

Answer

MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS
(SHRI HANSRAJ GANGARAM AHIR)

(a) & (b): The total number of policemen employed for every 1 lakh population in the country, State-wise is at Annexure-I.

The number of Police stations present in the country, State-wise is placed at Annexure-II. As per data compiled by Bureau of Police
....2/

Research and Development (BPR&D), the ratio of total number of Police stations in the States/UTs for every one lakh population has increased by 4.38% from 2011 to 2015.

As per the norms prescribed by the United Nations, 222 police personnel need to be deployed per one lakh population. In India, there are 139 police personnel per one lakh population, as per data compiled by BPR&D.
